- ONBOARD

TRANSPORTATION FREQUENCY
Reducing departures to allow for additional sanitization between water taxi & ferry departures.

HAND SANITIZER STATIONS
Located at key high traffic areas. Staff are required to wash hands every 30 minutes.

EQUIPPING TEAM MEMBERS
Providing enhanced equipment and training to onboard staff.

SERVICE DELIVERY
Plated dishes delivered covered. Buffet stations featuring protective shields with an attendant serving each guest.

HIGH FOCUS SANITIZATION
Increased cleaning frequency with EPA-approved products to guard against viruses like COVID-19.

AMPLE SPACE INSIDE AND OUTSIDE
Reduced capacity with changes to layout of dining and seating spaces: ensuring a minimum 6-foot distance.

CONTACTLESS CHECK IN
Electronic delivery of tickets where possible and extended boarding times for social distancing.

BOARDING HEALTH AND TEMPERATURE CHECKS
Before boarding, with daily mandatory health screening of all on board team members.
